

Cisco HEADSET 531 USB Headset

Brand: Cisco

Model: 531

Stock: 2-3 Days

SKU: 201941

The Cisco Headset 530 Series delivers vibrant sound and powerful noise isolation, making it an ideal choice for telecommunications in loud, open workspaces. The in-line, high-cycle quick disconnect enables users to easily plug and unplug the headset as needed during shift changes or breaks. It offers flexible options for connecting to devices including support for USB or RJ-9 connections.

About this item

- **LIGHTWEIGHT & ERGONOMIC DESIGN:** Built with comfort in mind, the wired headset 531 features a single ear cup designed to be worn for extended periods of time and to reduce head fatigue
- **PREMIUM AUDIO, NOISE ISOLATION & CONTROL:** Our design creates a full and rich sound that makes collaboration easier and music more enjoyable. The headset 530 Series USB-C adapter (quick disconnect) offers simplified call/mute/volume controls and indicators
- **COMPATIBILITY:** Cisco USB-C headsets are optimized for Cisco Jabber/Webex devices/computers with USB-C ports
- **INTEGRATED SERVICEABILITY:** Easier to deploy, manage, and service when using Cisco headsets with Cisco Unified Communications Manager, Cisco Webex Control Hub, and Cisco devices
- **PEACE OF MIND:** 2-year limited liability warranty
